CET International, in collaboration with CETUSA and AiDucatus, will be awarding a 7-day all-inclusive learning journey to Quito, Ecuador.

Let's inspire global peace together. In our constant effort to promote cross-cultural transparency, spread awareness of the conditions in Atacames and promote education, we are inviting your teachers to participate in this once-in-a-lifetime opportunity.

The contest winners will be travelling to Atacames, a coastal town in the province of Esmeraldas. There they will visit a school sponsored by our partner, AiDucatus Foundation. The winners will meet students and their community and will learn that education for most of these children is a luxury which they fight for every day. CET International, in partnership with CETUSA and AiDucatus, is helping provide schooling to children who never thought it was possible.
